NEW LENOX MAN KILLED DEC. 12 IN KOREA

Mrs. Frank Camerilo of New Lenox received word from the War Department Saturday morning of the death of her son Don who was killed in action in Korea.

The following telegram was delivered in person and read as follows:

"The secretary of the army has asked me to express his deep regret that your son, Sgt. Donovan R. Carson was killed in action in Korea December 12, 1951. Confirming letter will follow."

Signed: William E. Bergin, Major General U. S. Adjutant General of the army.

This is the first casualty of this battle field for New Lenox.

Don was born in Chicago October 13, 1938 and was seven years old when his father was killed in an auto accident. He moved to New Lenox with his mother and step father and entered the seventh grade. After graduating from the New Lenox grade school he attended the Joliet township high school for two years before entering the service.

He was a member of the New Lenox Boy Scout troop No. 60 which work he was highly interested in. While in high school he was a member of the ROTC. He finished his high school training while in the service and also four years of college work for which he received his diploma after successfully passing the examinations.

He spent 3 1/2 years with the army of occupation in Austria, working in the Judge Advocate department. Returning to this country in 1951 after a 30 days furlough, he was sent to Ft. Benning, Ga. and from there, to Japan, landing in Yokohama on his 25th birthday. He would have been in service eight years on January 19.

The last letter Mrs. Camerilo received from her son was December 7 when he was on a 24 hour relief from the front. He stated his squad of 11 men were in one fox hole for three weeks at one time and said it was good to have a bath, and get clean clothing.

Express Thanks to Friends For Gifts Sent to Orphanage

The members of the Women's Guild of St. John's Evangelical church at Mokena secured the names of each person in the Old People's home and orphanage at Bensonville and sent each a gift at Christmas.

Mrs. Henry Luplow at Mokena who made and dressed two bride dolls, received the following letter after the dolls arrived at the home.

"Dear Mrs. Luplow:
"Your two lovely bride dolls arrived in all their beauty and will certainly please our No. 2 dorm where we have the doll house.

"We have several new girls and we may give one to a child whose name was not on your list.

"All the gifts from Mokena are far and away beyond our expectations for such a large group. Your kind pastor, Rev. Riemann, seemed a generous Santa as he brought in box after box.

"It will be impossible to write to every donor, but we would express appreciation of Rev. Munsterman and the workers at the Home for your share in the service we endeavor to render to dependent boys and girls, and aged residents.

"May each one who sent gifts find the holiday season the more joyous for your thinking of others.

Yours very truly,
(Mrs.) Edna V. Jeffers,
Case Aide."

If your car gets stuck in the snow, keep cool and take your time. You may be able to rock the car out if the wheels are not mired too deeply. Should rocking prove to be ineffective or impossible, your next problem is to create traction. This can be done by partly deflating the rear tires, or by using sand, cinders, stones, burlap or rough material.

Mokena was thrust back into the days without modern advantages Saturday morning when its citizens found themselves to be without village water.

The cause was a broken coupling on the shaft on the turban of the village pump. The trouble was located 160 feet in the ground and the casing had to be taken out for that distance. With the weather hovering around zero and below, the village fathers, especially those on the water committee, worked hard all night Saturday and all day Sunday and until midnight Sunday night when the pump was again in service.

A Chicago Heights firm made the required new coupling by special machine, manipulated by hand.

Mayor Harold Spiess, who gave much of his time, wants to take this means of thanking the village board members for their work at this time and also the public for their patience.

It was fortunate that there was an abundance of snow on the ground for many melted snow and filled tubs etc. for water, particularly those who were without cisterns. Many hooked up former cisterns which prevented any disadvantages. Neighbors who had wells gave freely of water for drinking.

The board is thinking of drilling a new well north of the village and using this one as an auxiliary well. With the growth of the town the board thinks this might be a good investment.

It was fortunate there was no fire in the vicinity during this time of no water.

SMALL BLAZE IN ORLAND HOUSE SATURDAY

The Orland Fire department was called to a fire on West avenue Saturday to a house owned by Mrs. Opal Oelke. The fire was confined in the wall where a plumber was fixing some pipes. However the fire was extinguished by the time the firemen arrived.

WINNERS IN MOKENA OUTDOOR HOMES CONTEST

In the outdoor decoration contest held in Mokena and sponsored by the Civic association, the following homes were prize winners:

First prize, \$15, Mrs. Richard Kirk, North Woodland circle, who had made a large Santa Claus which was standing at her door.

Second prize, \$10, Russel Anderson home, Parker road, a unique idea using Christmas cards around their door with a small metallic Christmas tree and garlands outlining the home. A Christmas tree was on top of the porch.

The Kenneth Sherwood home would have been given second prize but because Mr. Sherwood served in escorting the judges, he declined the prize. His drive was unique with slates lined along the driveway with wording of Noels.

Third prize, \$4.00, went to Joe Heim, 14 Wolf road, who had a fire place with hanging stockings in the corner of his front porch.

Honorable mention went to Willard Munch, Walsh Lane; Mrs. William Semmler, Oliver Schafers, Fred Lehmann and Winton Hamilton. These and the prize winners will each receive a certificate.

Serving as judges were Fred Harnack, Frankfort; Mrs. Leo Marcoux and Alfred Hatch, Mokena.

MOKENA VFW TO GIVE NEW YEAR'S EVE DANCE

The members of the William Martin VFW Post at Mokena are inviting everyone to join them in saying farewell to 1951 and greeting 1952 in a dance which they are giving in their hall on Wolf road, Monday evening December 31.

CHRISTMAS PROGRAM SUNDAY, DECEMBER 30

The annual Christmas program will be held in the Grace Episcopal church in New Lenox this Sunday evening December 30 at 7:30 o'clock. It was postponed from a previous date.

CHRISTMAS BABY

A son was born on Christmas day in St. Joseph's hospital, Joliet to Dr. and Mrs. James Lambert of Frankfort. The baby who weighed eight pounds, five ounces has been named Gary Douglas.

Winter in all its fury descended on this area last week, with bitter cold, drifting snow measuring 17 inches in all and sharp winds buffeting the area. The ground still had a good quantity of snow left from the previous week's snowfall.

Last Thursday the snow fall was several inches and the plows and road men were busy at once opening and clearing the main highways. After they were well cleared, the snow came again in greater quantity and again the road men and plows were repeating their previous day's work. Garages were being cleared of auto chains which were a necessity in order to get thru.

Mokena's Front street Saturday morning was a busy city thoroughfare as route 45 between Frankfort and Monee was blocked and traffic was routed from 45 thru Mokena to Wolf road and route 30. Many cars waited here and the garages were over crowded with repairing so tourists could continue on their way. In the midst of all this Mokena's water pump failed which added to the concern of many.

The community Christmas tree celebration held in Mokena's park Saturday evening was quite well attended. The weather was cold and the wind blowing, but the few who braved the weather seemed well repaid. The youth choir was directed by Mr. Keisler of St. John's Evangelical church and all joined in the singing. Because of the biting cold, the group soon dispersed after the arrival of Santa and the giving of the boxes of candy to each person present.

The large tree was beautiful and much credit should be given to Harley Mann and his committee from the Mokena Civic association, sponsors, who worked exceedingly hard shoveling snow in the wide area for parking of cars around the churches and for space around the tree. The program was opened with Rev. William Riemann reading the Christmas scriptural story and leading in prayer.

To many it seemed an ideal place for a community Christmas tree in the village park—with the churches nearby—for the symbol of the evergreen and ever present presence of Him who came to bring peace to men of good will.

With the dawning of Christmas day, the snow was again doing its bit to add to the beauty of the occasion and the discomforts and danger of those daring to travel the highways. According to the weather reports this 17 inch snow fall broke all records for the past 50 years in the Chicago area for Dec.

Wilbur Teske Hears From Little Nova Scotia Girl

The following letter was received Monday by Wilbur Teske at Mokena who sent a doll to a little girl who had attached a note to a Christmas tree coming from Nova Scotia.

Friends reading the note at the Midwest store in Mokena where the tree was received and where Mr. Teske is employed, contributed money to which Mr. Teske added sufficient to buy the doll.

"Afton, N. S.
Dec. 16, 1951

"Dear Mr. Teske:
I have received the beautiful doll you sent to me. I thank you very much. I had almost forgotten about the little note I put in the Christmas tree. It was very kind of you to send me such a nice doll. I will write to your little girls and tell them about myself. My father and mother are living. I have two sisters and six brothers.

"Wishing you and family a Merry Christmas.
"From Margaret DeCoffee, Afton Station, Antigonish Co., Nova Scotia."

DEATH CLAIMS JOHN O'CONNOR OF NEW LENOX

John Roland O'Connor, 61, a resident of New Lenox township for the past 22 years, died in St. George hospital in Chicago Sunday night.

He was stricken with a sudden heart attack December 15 on his way to Chicago and was taken at once to the hospital where he was placed under an oxygen tent.

Mr. O'Connor was born in Chicago and was a well known citizen, figuring prominently in politics. He was a Democratic leader for the south side of Chicago for many years, and managed the re-election campaign of the late former Mayor Edward Kelly in 1940. He was a former state director of the federal housing administration and was widely known as an appraiser and developer of several real estate projects, including Chatham village. He served as an expert housing adviser to the army and navy in World War II. He was a member of Cardinal Stritch's housing committee.

Surviving are his wife, Ethel; two sons, Timothy A., editor of the Durango, Colo. Herald and John C. of Texas, four daughters, Ethel and Grace at home; Mrs. Nancy Harrington and Mrs. Mary Irene Davis of Chicago; two brothers, six sisters and 10 grandchildren.

Services were held Thursday morning in St. Barnabas' church in Chicago.

Mrs. Cleveland Donates Land To Forest Preserve

Mrs. Anna Cleveland, south of Mokena, has donated land to the Will county Forest Preserve which is to be used as a road leading into the Van Horn woods from the northwest corner.

This land is a strip 70 feet wide and commences at the north end of the pasture south of the section line and leads from the corner where the old Wolf road turns west to connect with the concrete road. This gives an entrance into the Van Horn woods from the north end.

The Will County Forest preserve has supplied material to Mrs. Cleveland with which to build a new fence, south of this strip and also tile and the building of a driveway into her pasture from the preserves.

The Van Horn woods is extensively used by many people in this area and this entrance will be much appreciated by those people coming from the north.

Mrs. Cleveland has sold 10 acres of her farm adjoining the forest preserve on the east, formerly owned by the Bauch estate, to Mr. and Mrs. Harold Clark of Chicago who have already started to build a home there.

The Henry Breiderts of Frankfort who purchased 10 acres in this area fronting on Wolf road from Mrs. Cleveland last summer, have been building a home there and have it well along in construction.

Com. Hi Board Considers the Addition Of Part of Orland Twp. to District Now; Board to Inspect Architects' Work

The board of Community High school 210 at their last meeting discussed the possible addition to the district of the southern part of Orland township which has evidenced interest in joining this high school district. It was felt that this action could probably be taken through the school trustees of the different townships involved. The board felt that it would be advantageous to the district to have this part of Orland township join and the president, A. H. Krusemark, was instructed to so advise the Orland township people.

The school attorney, Dale Nicholson of Joliet, was present and discussed the procedures involved in having the necessary records of the district approved evidencing the proper organization of the district. The recent action pending in the Supreme court to test the constitutionality of the new school code was also discussed with its possible effects upon the new district. However, it was felt that it would not delay the progress of the new district since the Supreme Court would likely decide on the issue by January or February of the coming year.

The board discussed the qualifications of the eleven architects interviewed at the past two special meetings. They were: Levon Seron of Joliet; J. E. Coyle, Joliet; Madden & Connor, Harvey; Berger, Kelley and Associates, Champaign; Durrant & Bergquist, Dubuque, Iowa; Perkins & Will, Chicago; Gil-Kruegel-S. W. Wilkins, Joliet; Byron H. Johnson, Chicago; Gilbert A. Johnson & Associates, Rockford; John D. Jarvis, Chicago, and John Pomeroy, Orland.

The board decided to personally examine and inspect the high school buildings built by some of the architects in this area in order to better inform itself as to the type of work done by the respective architects. This will involve a good many trips on week ends for the board over the next month, but it was decided that it should be done in order to give the district the best possible services.

People in this vicinity thought an A-bomb had exploded in this area Sunday evening about 8:30 o'clock when they heard a big exploding sound and saw blazing fire many miles away.

It was the result of a train hitting a stalled trailer filled with gasoline on the Wabash's 159th street crossing.

William Fore, 34, of 3201 W. 47th street, Gary, Ind., driver of a double tandem transport containing 5,500 gallons of gasoline, told state police officers that he was driving west on 159th street when an eastbound unidentified truck forced his vehicle into a snowbank as he was crossing the tracks. The cab of his truck and the first oil tanker cleared the crossing, but the second trailer section stalled on the tracks. The other truck driver did not stop.

Mr. Fore then noticed the crossing signal lights go on and heard an approaching train. He ran up the tracks with a light and frantically signalled for the train to stop. William Opel, the fireman, said he noticed the light and Art McDaniels, the brakeman tried to set the air brake switch. Jesse Hoke, engineer, set the brakes but the train plowed into the trailer and carried it on for about a block before it was tossed to the west of the tracks. The entire 34 cars of the train cleared the 159th street crossing and went a little further south before it came to a stop.

When the impact came there was a great explosion and the flaming fuel was drawn into the engine cab through the air intake. Opel quickly dropped to the floor and he helped the brakeman and engineer out of the fiery interior when the engineer jumped out of the cab.

The burned men were taken to nearby hospitals and later McDaniels, the brakeman, and Jesse Hoke, engineer, were removed to the Wabash hospital at Decatur where Hoke died Christmas evening of the burns. McDaniels is in a serious condition.

Conductor W. E. Honter, 63, of Decatur escaped injury.

Fire departments from Orland Park, Tinley Park, Oak Forest and Palos Heights were called to the scene and Tinley Park and Palos Heights departments used Foam-Mite to extinguish the gasoline fires. The Orland Park Firemen Auxiliary members served hot coffee to the firemen at the scene of the fire and also when they returned to their fire house, which was greatly appreciated.

The diesel engine was completely destroyed by the fire as well as several telegraph poles and the signal box badly damaged in addition to the wrecked oil tanker. The transport belonged to Sprout and Davis company.

Make Your
Savings
LEAP

During Leap Year

Your savings will literally LEAP, when you save regularly in an insured Harvey Federal Savings account! It's a fact that saving is easier when you save regularly. Once you've saved the first few dollars, saving becomes the natural thing to do. And, to make your savings leap even higher, we add liberal dividends twice a year!

Whatever your plans for the future—marriage, home ownership, better education for your children, a business of your own—you take them out of the just "planning" stage, when you save regularly. Regular saving—putting your money to work for you in an insured saving account where it earns generous dividends—is the practical way to achieve those dreams.

So don't just stand still. Open a savings account today, insured to \$10,000, at Harvey Federal Savings and Loan Association... where your savings LEAP.

TAX EFFECTS

By George J. ... Secretary Illinois Taxpayers Association

Voters of Joliet recently exploded the myth that has been accepted in Illinois that the people will approve increased school taxes but will not vote increased revenues for any other local governments.

At elections held the same day, December 1, an increase in the corporate tax rate of the City of Joliet was approved by a majority of more than 3 to 1 while all of the proposals involved in a 2 1-4 million dollar bond issue for the Joliet Township High School were defeated overwhelmingly. A record vote was cast at each election.

The proposed increase in the city corporate tax rate was approved by the Civic Committee of Will county. The proposed school bond issues were opposed by the Civic Committee.

Since the elections were held the same day, the action by the voters of Joliet was the most dramatic demonstration that the people will approve tax increases for cities if they believe they are justified, and will disapprove tax increases for schools if they believe they are excessive or unwarranted. However, voters in Waukegan, Moline and other cities have previously voted increases in city taxes.

The fact that voters in other cities have turned down propositions for increased city taxes has been clearly due, in some cases at least, to lack of confidence in the way the government in those cities was being administered.

Cities and other local governments have been rattling their tin cups at session after session of the Illinois General Assembly crying for State aid on the ground that the people will not vote enough money to provide essential city services. The General Assembly has resisted these demands, and refused to by-pass the local people by authorizing new or increased taxes without referendum. The action of the Joliet voters should provide all the proof necessary of the soundness of the position of the General Assembly. It should convince the officials of other local governments throughout the financial problems lies in putting their own houses in order. State that the solution to their proving to their taxpayers that they are getting their money's worth and that increased revenues are needed, and then submitting the proposed increases to referendum.
